Sedatelec

premi^o 10

moxa

Infrared Emitter
No odor No ashes
No Toxic smokes
Over 10 000 hours
of efficiency

Concentrator
to focalize on a point

On - Off
One touch

Acupuncture & Moxibustion

Like with a moxa roll,
you apply specific heat **to strengthen
the Yang, to move the qi or Blood stasis,**
to tonify vacuity, ect.

Same method, same results !

“Thermic Needle” Effect

With the Concentrator,
focus on a point, to achieve your action
of **tonification** or **dispersion**

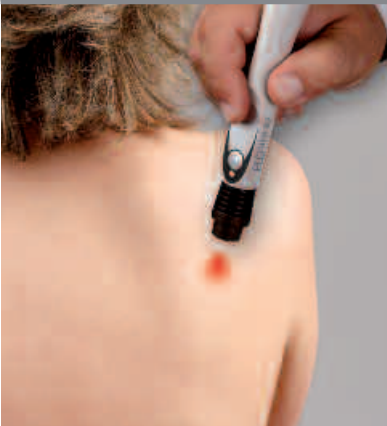

Auricular therapy

You treat accurately a point or an area
in a **few seconds**.
Stimulate other receptors using
this **original** and secure technique.

Trigger points, Local treatments

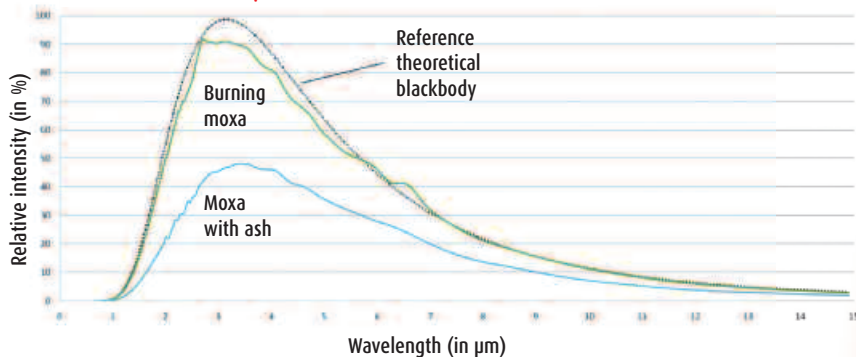

Apply a **penetrating heat** precisely
on trigger points, or on
a painful area, relieving stiffness.
Take advantage of all **the benefits of
medium and long infrared**, for muscle
and joints chronic disorders

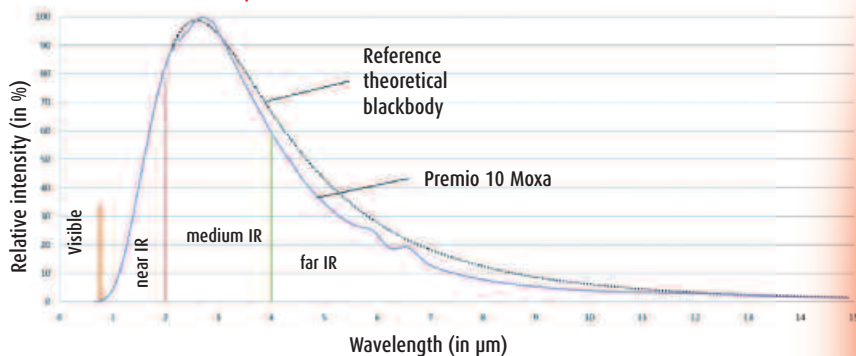

For a safe, effective and pleasant moxibustion

With an equivalent emission spectrum to the burning moxa, the IR emitter of the Premio 10 moxa brings the right heat, to the right place.

Traditional Moxa Spectrum
